

INSTRUCTION

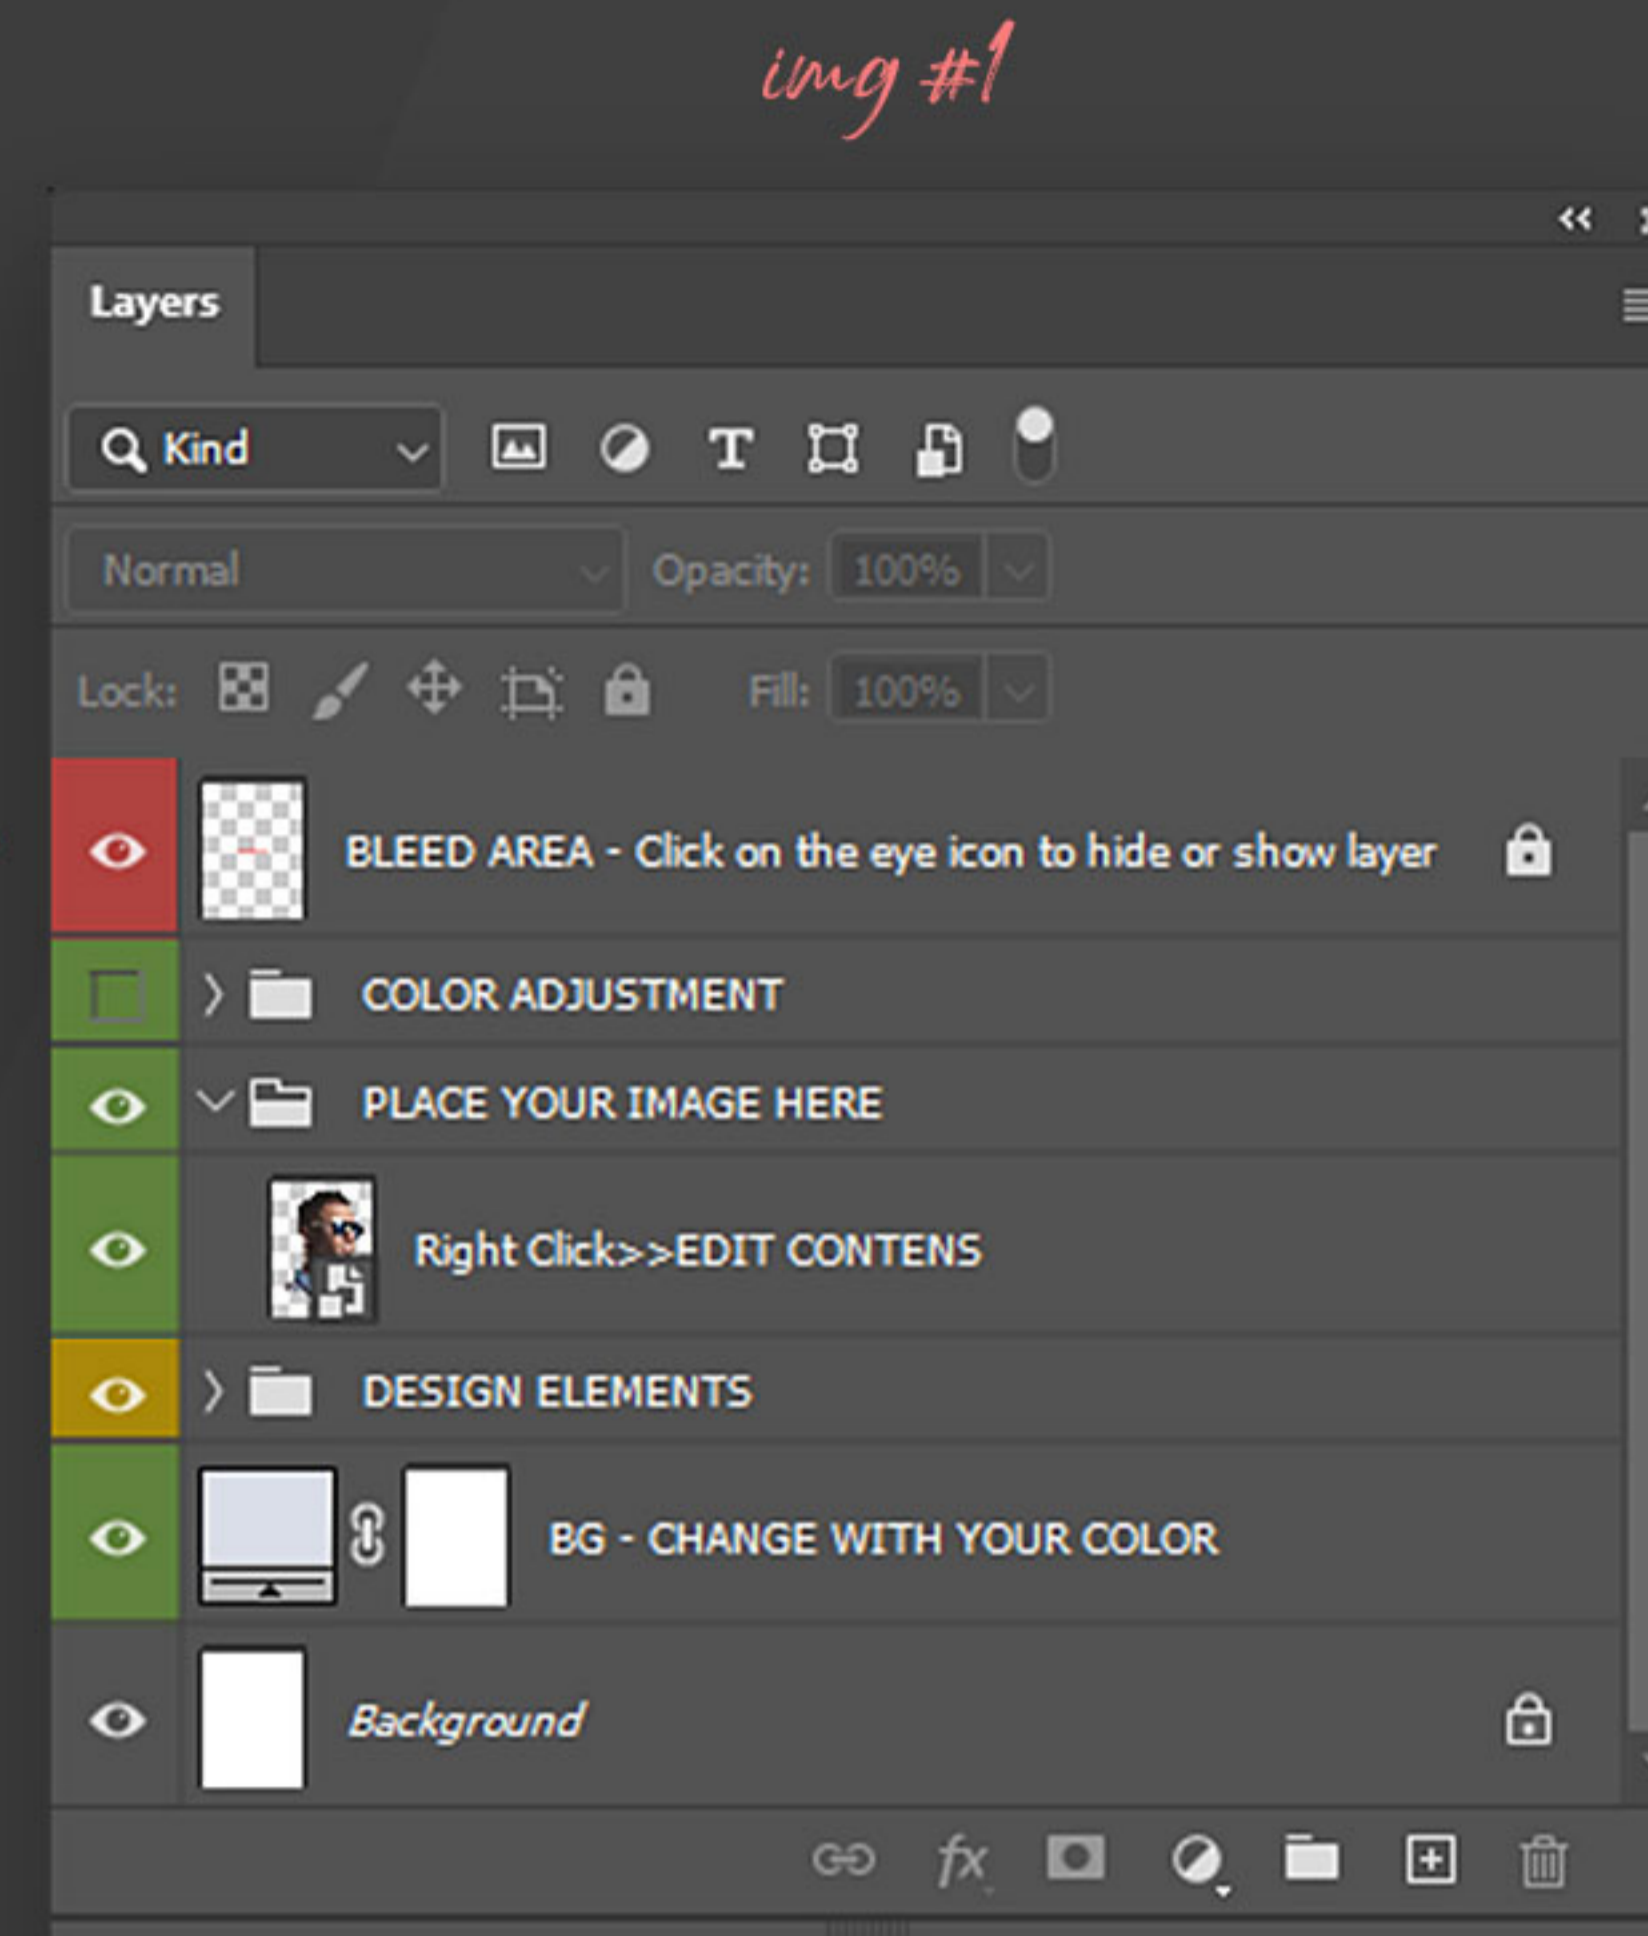

HOW TO USE

For more complete how to edit the photoshop template you can see in the tutorial video "How To Edit Photoshop Template" at the link <https://youtu.be/X8Cb-ChXW8E>

■ LAYER COLOR AND FUNCTION

Explanation of the color layer and its functions, please be careful in use. (see *img #1*).

- **Red** Layer: Don't be edited or deleted
- **Green** Layer: Can be edited or changed
- **Yellow** Layer: can be edited or changed carefully (only for experts)

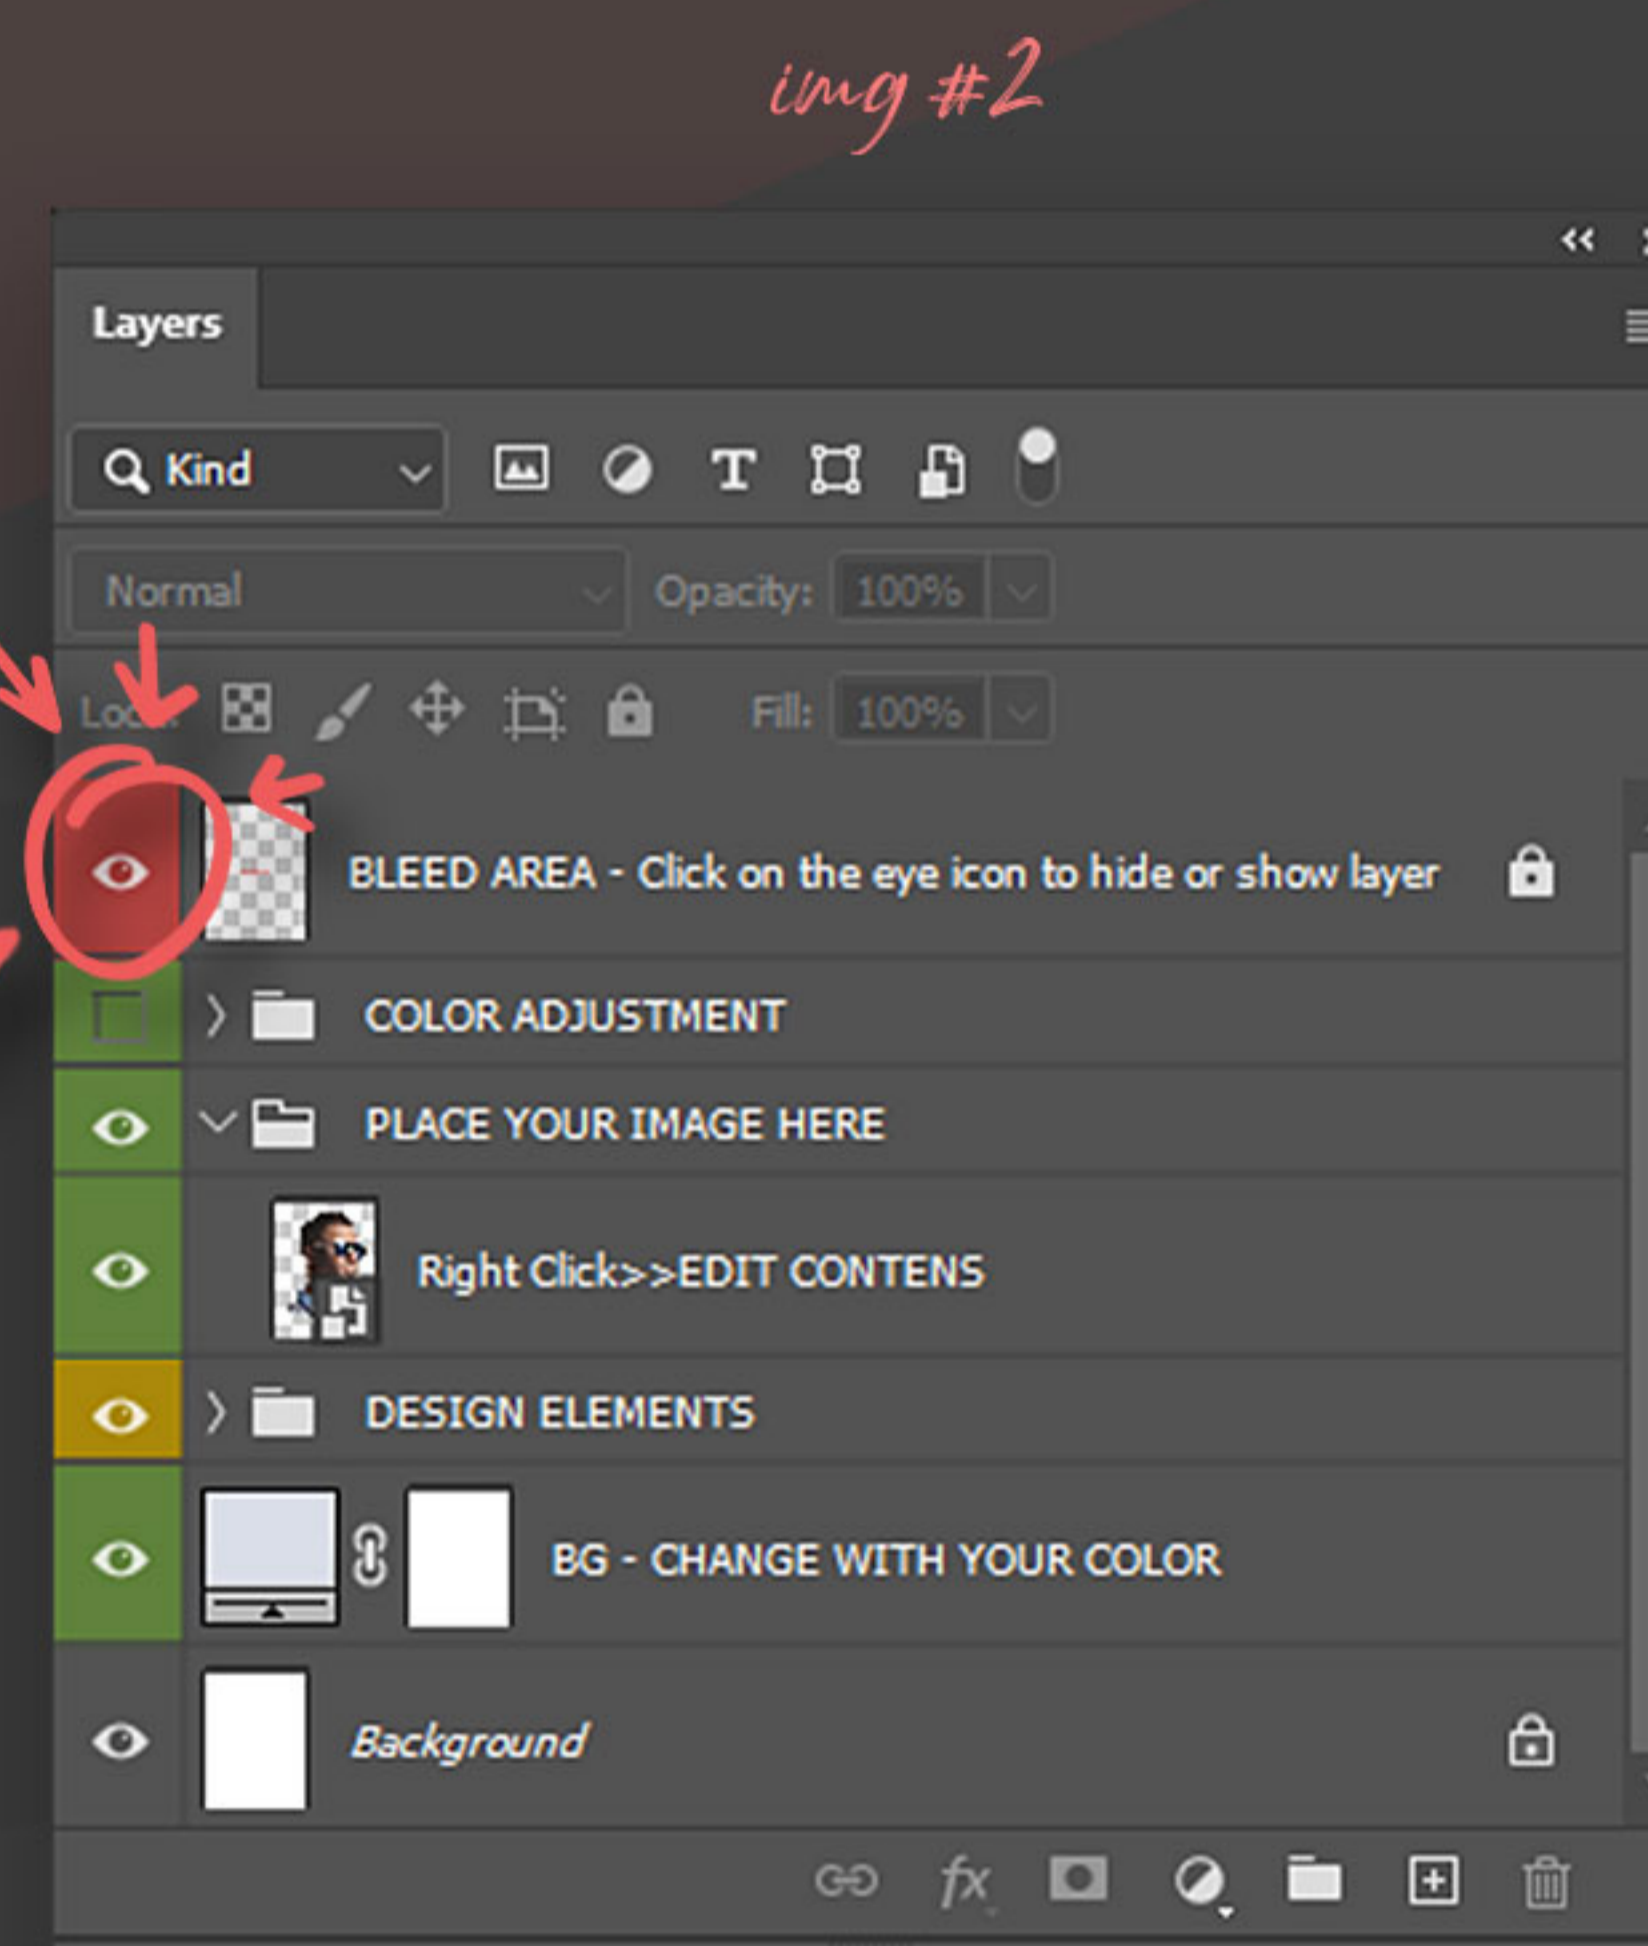

■ ENABLE OR DISABLE LAYERS

To enable or disable a layer, click on the "Eyes" icon to the left of the layer in the "Layers" box (see *img #2*).

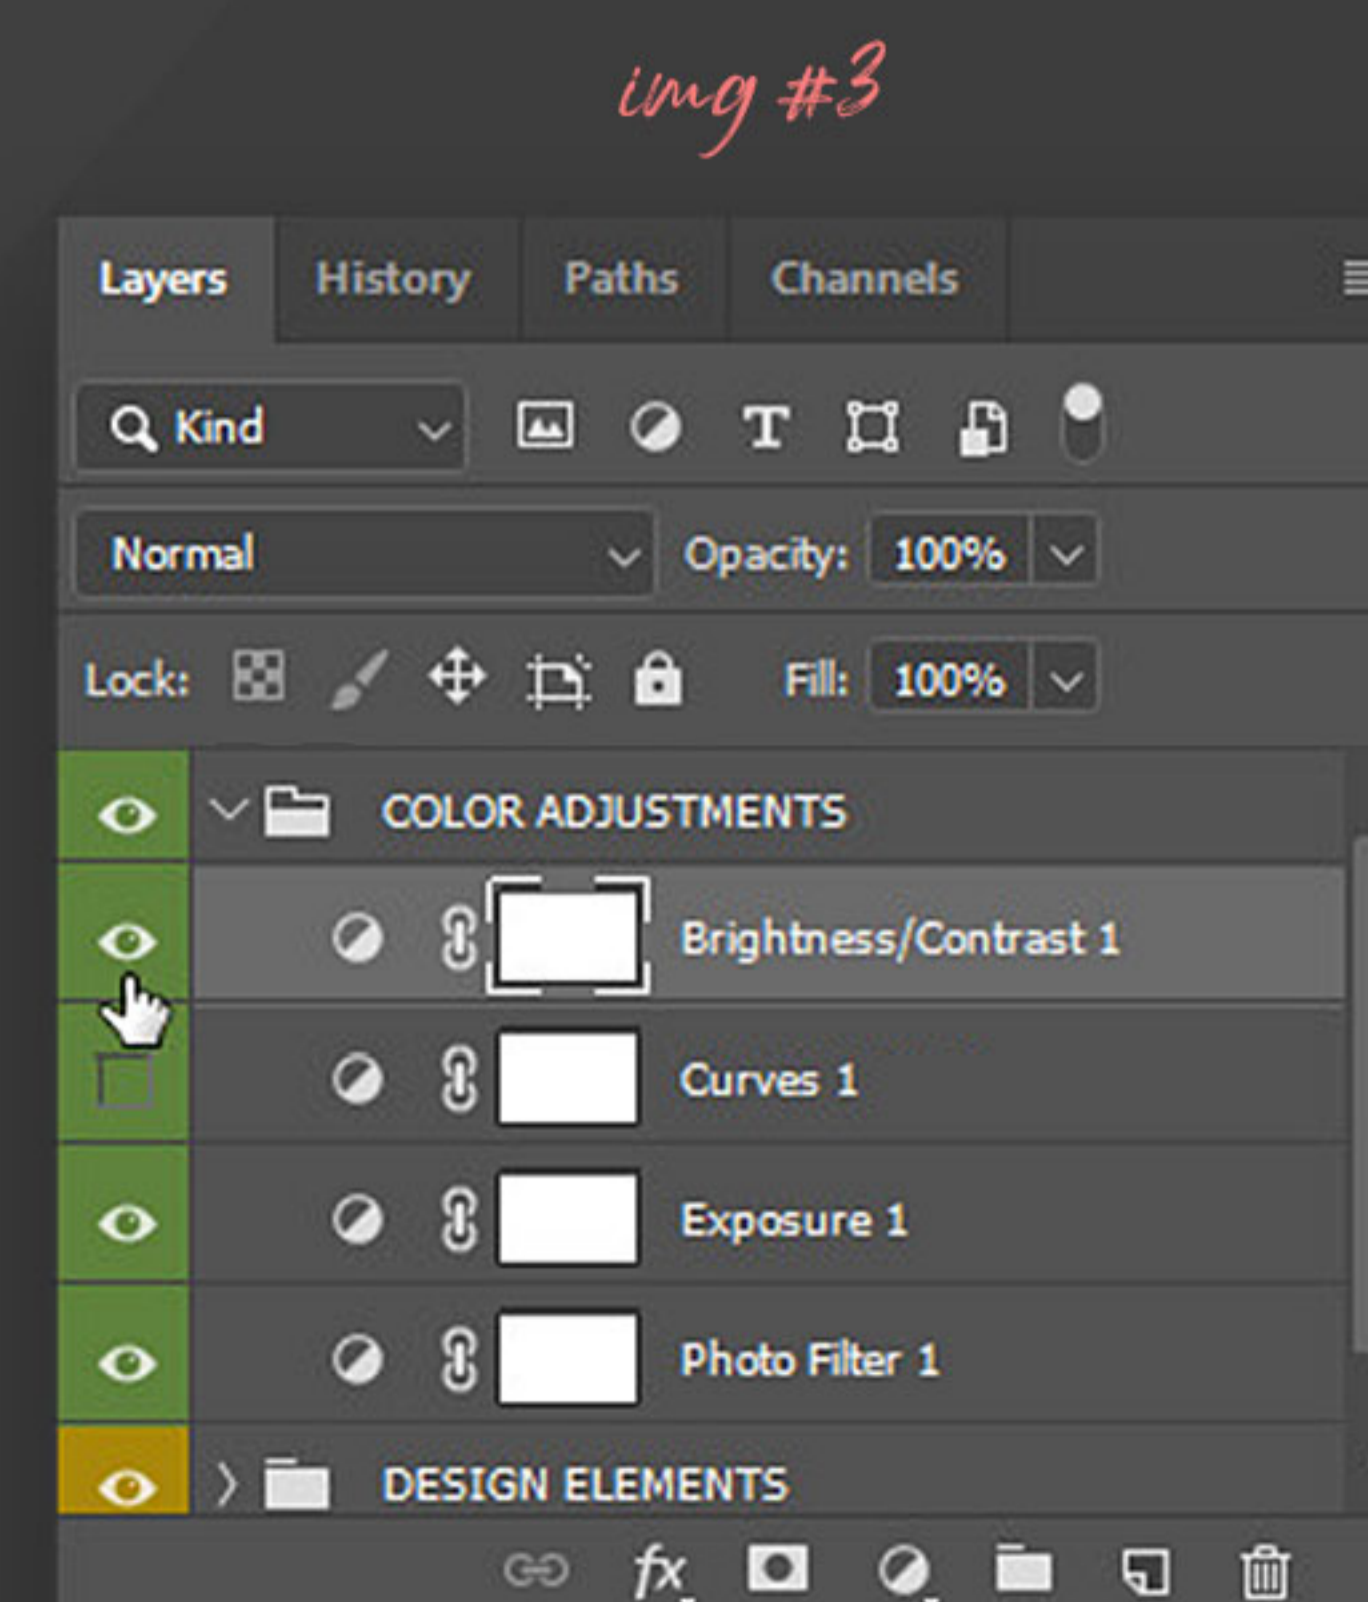

Use this method to show or hide parts of the design such as BLEED AREA, COLOR ADJUSTMENTS, DESIGN ELEMENTS and BG.

Adjust to your needs and desires (see *img #2*).

■ COLOR ADJUSTMENTS

To adjust the color in the design, you can adjust it in the "COLOR ADJUSTMENTS" layer folder (see *img #3*).

INSTRUCTION

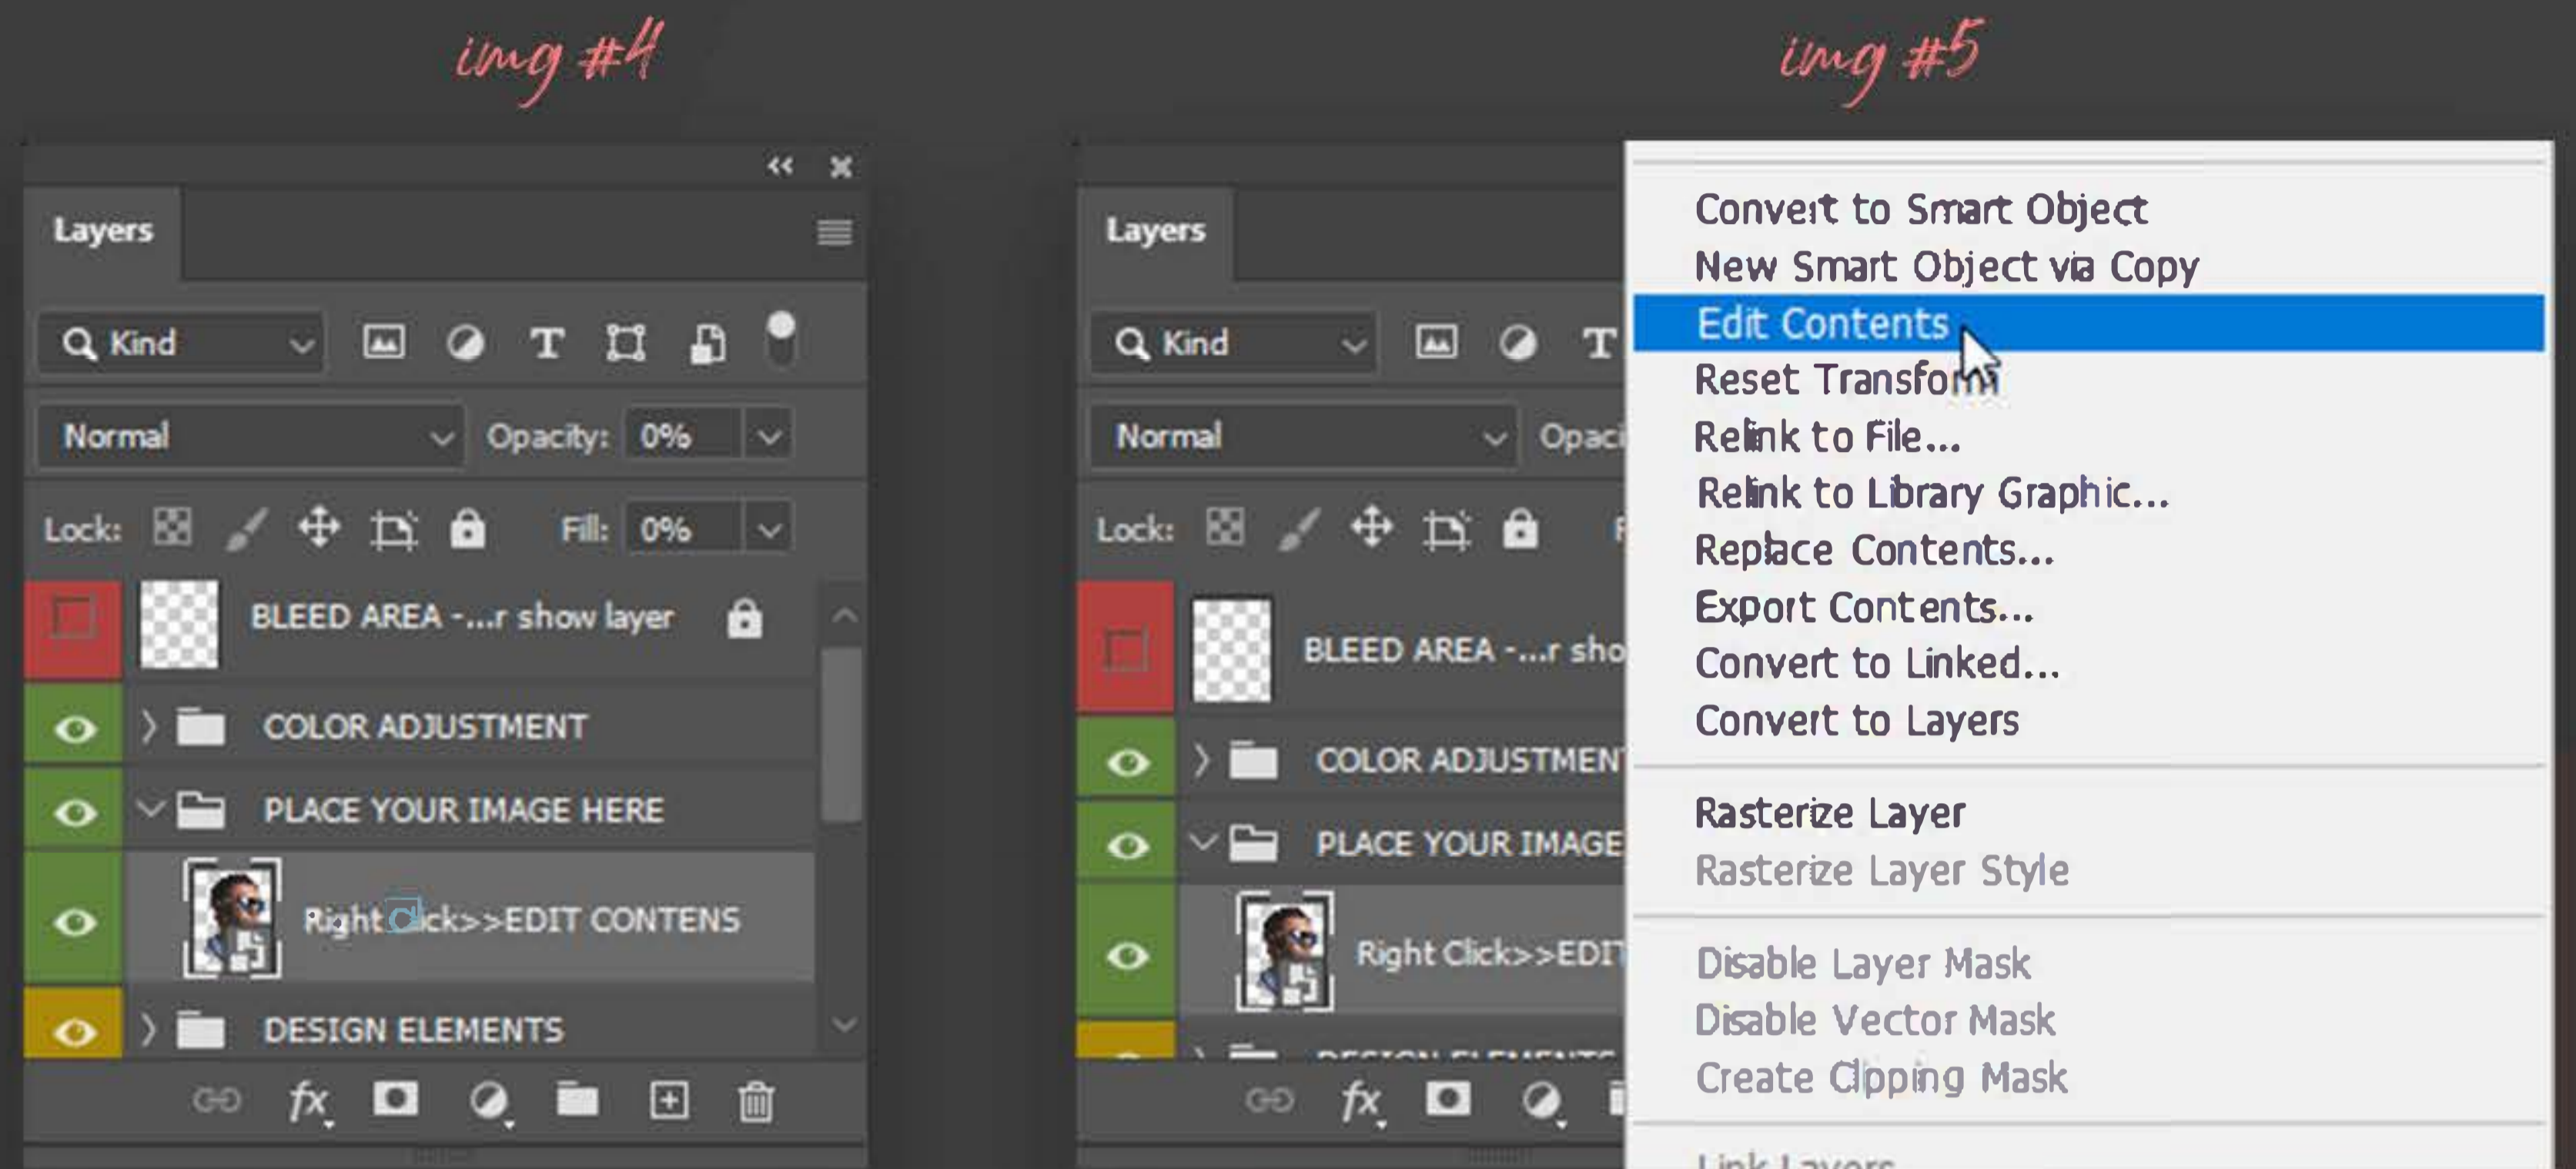

HOW TO USE

For more complete how to edit the photoshop template you can see in the tutorial video "How To Edit Photoshop Template" at the link <https://youtu.be/X8Cb-ChXW8E>

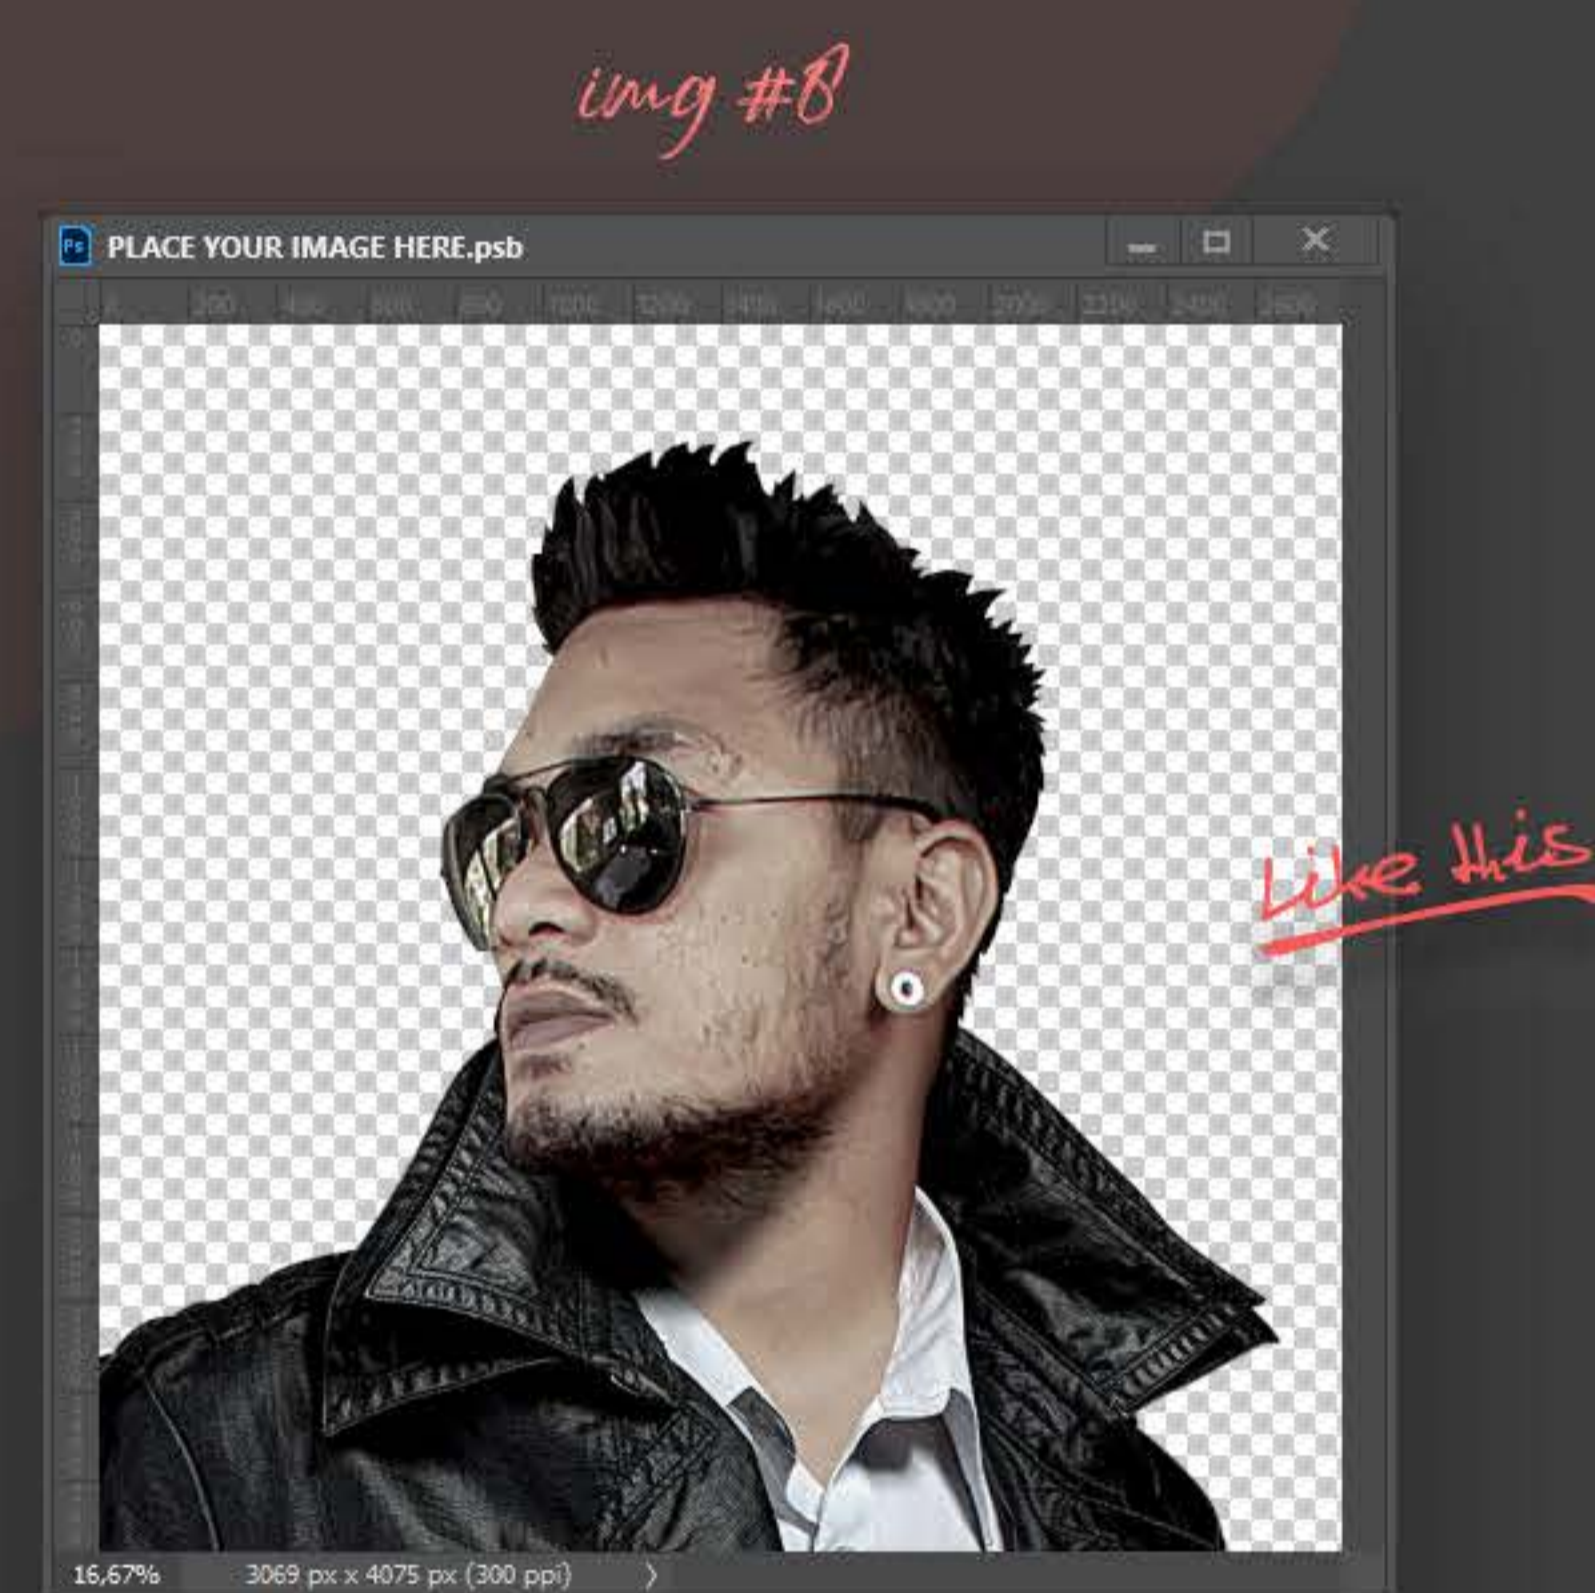

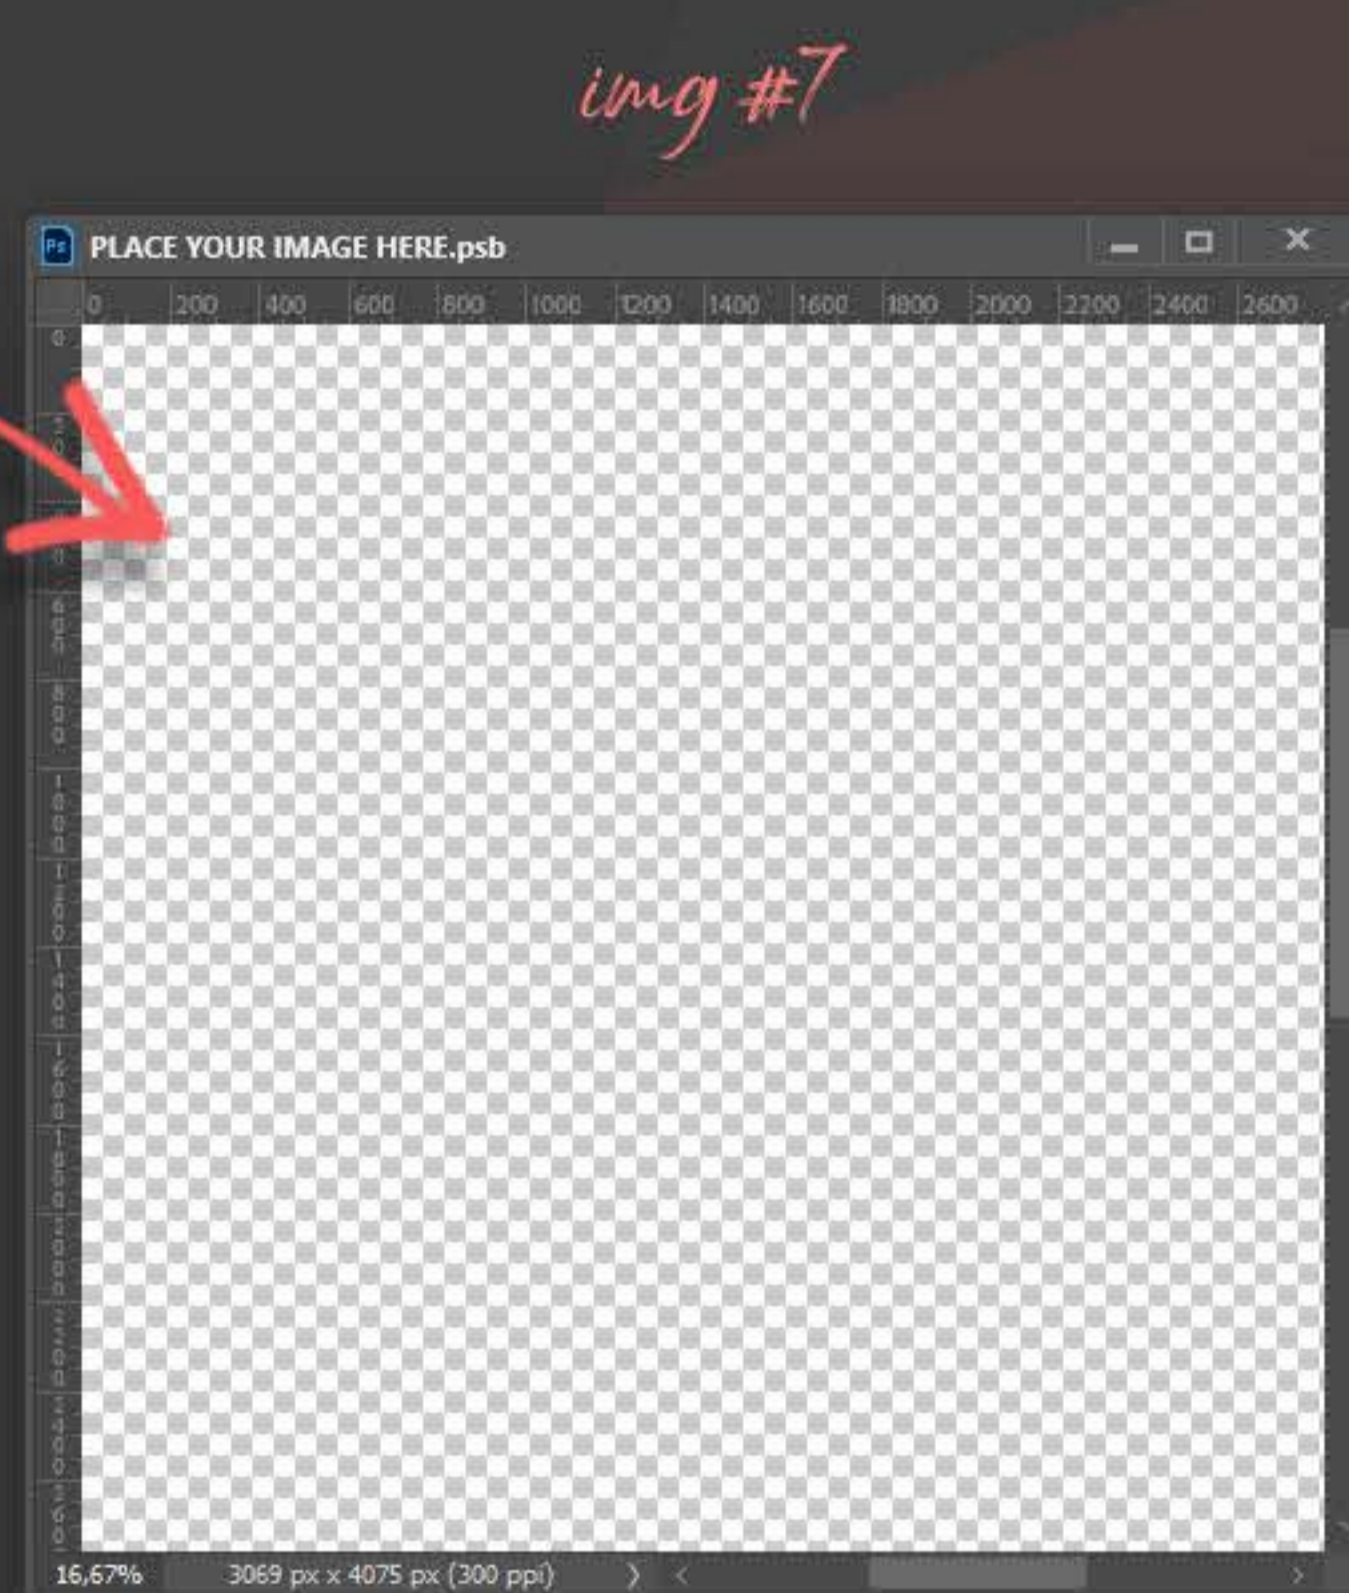

REPLACING IMAGE STOCK

Right click on the layer "Right Click>>EDIT CONTENTS" and then select "Edit Contents" (see *img #4* and *#5*).

In a new tab, please replace your picture and then close the tab and save. (see *img #6*, *#7* and *#8*).

Click **Hold** and **Drag** your image to the tab layer "PLACE YOUR IMAGE HERE"

Hope it can be useful to you
God bless 😊
