

Rose Gold Instagram Posts - Instructions

Thank you for purchasing our Rose Gold Instagram Posts PACK. All items in this pack are optimised to be user friendly and easily editable. In order to edit any of these files you will need Adobe Photoshop CS4, CS5, CS6 or CC.

Included in this pack are 30 instagram post templates, 200 hand drawn elements and words delivered as PNG files, 20 hand drawn Photoshop patterns and 3 background textures - rose gold, silver and regular gold.

Changing text, images and colors is quite straightforward so you shouldn't have any issues with that. You will of course need basic Photoshop knowledge, but if you have any additional questions for us just message us and we'll be more than happy to help!
